British Premium Schools, Group Lead

**SUCCESS FOR ALL AS LIFELONG LEARNERS**

At GEMS Wellington International School your children will experience an enabling, inclusive environment which will inspire them to achieve and succeed.

the highest score of 45 points, which only 0.2% of students across the world achieve. At WIS, this journey to success is accelerated in Year 10 and 11, with the breadth of subjects on offer for GCSE, including Business Studies and Psychology and we pride ourselves on preparing our students for Higher Education through personalised support, learning and pathways which encourage independence, debate, and discussion.

At WIS, our school offers a unique structure for students to support their education through the model of a Lower, Middle and Upper School. With this, students will journey from FS1 to Year 4 in our Lower School focusing on learning through play and active learning in our bespoke 'Learning Zones' which help students develop their creativity, motor skills, STEM understanding and digital awareness, truly hooking and exciting them about learning and the wider world. The transition into the Middle School in Year 5 sees students developing their independence and critical thinking skills through a tailored curriculum taught by core specialist teachers, including secondary specialists who focus on enhancing the curriculum across Year 5 and Year 6, making a seamless students' transition into Year 7. From here, students learning skills continue to develop; GCSE skills and attributes are mapped back to fully prepare our students for when they progress into the Upper School. In 2019-20, students within our Upper School saw the highest GCSE and IB results that WIS has ever achieved; 5 students in Year 13 achieved

As a fully inclusive international school, enabling a first-class educational experience for students aged three to eighteen years, we ensure that all students are supported and challenged to achieve success. We recognise the uniqueness of each child through learning opportunities that promote challenge and personalised learning at all levels. A plethora of enriching learning opportunities, within and beyond the classroom, ensure that students enjoy sporting and benefit from highly creative and stimulating experiences. Visits, trips, team competitions, clubs, extra activities and an emphasis on memorable learning moments ensure high levels of engagement, which supports outstanding attainment and progress from Foundation Stage through to IB level.

**CURRICULUM**

- Early Years Foundation Stage (**Foundation Stage 1 and 2**)
- National Curriculum for England up to age 16 (**Years 1-11; GCSEs and BTEC level 2 in Years 10-11**)
- **The International Baccalaureate Diploma Programme in Years 12 and 13** as well as International Baccalaureate Career Related Programme (IBCP) and BTEC Level 3 options

**ARABIC AND ISLAMIC PROGRAMME**

We provide Arabic classes for both native and non-native Arabic speakers from Foundation Stage. Islamic Education is a mandatory requirement by the Ministry of Education where parents indicate at time of registration that they are of the Islamic faith.

We see **genius**  
in every child

## How well did the school perform overall?

- Very high-quality teaching in English, Mathematics and Science, the creative arts and a range of other subjects which enables students to make very high standards of attainment
- Provides a rich and innovative curriculum where a wide range of interesting courses and personalised pathways are available to meet the needs of students, especially in the Post-16 phase
- Provides a stimulating education for young children in which they thrive, have fun and make outstanding progress in English, Mathematics and Science
- Enables students to develop personal and social skills to a very high level in a safe, secure and caring environment
- Provides an inclusive education in which with SEND are very effectively supported and challenged resulting in very good progress at each stage of their education

## THE GEMS DIFFERENCE

### Trusted by parents around the world

We are passionate about education and have been trusted by parents for 60 years.

### We are a family of committed teachers

Everyday, our family of 20,000 teachers make a difference to the lives of over 190,000 students.

### Our students lead locally and internationally

GEMS students have won over 2,100 international, regional and local awards in science, arts and sports.

### Our students excel and go to the top universities

GEMS students have been accepted into 1,050 universities in 53 countries – including all eight Ivy League universities in the US and all 24 Russell Group universities and colleges in the UK.

### We are deeply committed to philanthropy

Our philanthropic arm, The Varkey Foundation, supports initiatives that change lives around the world.

### Making quality education accessible

GEMS Rewards is an exclusive rewards programme for our community of students, parents and staff designed to reduce the impact of school fees, and further enhance their lifestyle.

### We see genius in every child

We believe that a quality education is the key to unlocking the greatness that lies in every child.
